

Measuring made easy

What may seem like a complicated task is actually a very simple one. The way we organise our design and manufacturing processes means that all we need to price your new Anglian home improvements are a few simple measurements.

There's no maths involved, no awkward angles or curves to measure, just straight lines. The dimensions you provide will enable us to provide you with a price. An Anglian qualified surveyor will carry out an exact survey prior to manufacture and in the event of your products being over, or under measured, the contract price will be amended accordingly.

This document will take you through the simple process step-by-step!

Measuring Tips

Handy tips for measuring your products accurately and safely

- 1 You will need a tape measure, ruler or straight edge, paper and a pen or pencil.
- 2 If possible, get someone from within your household to help.
- 3 Record all measurements in centimetres and try to be as accurate as possible. Measure each dimension twice as an extra check.
- 4 Do not attempt to measure areas you cannot reach safely.

How should I measure my windows?

- 1 Design and draw your new windows as viewed from the **INSIDE** of the room.
- 2 Measure your window from **INSIDE** of the room, recording all measurements in centimetres.
- 3 **WIDTH:** Measure from **REVEAL** to **REVEAL** and add 5cm for the plaster line to the measurement.
- 4 **HEIGHT:** Measure from the underside of the window **CILL** to the **HEAD** of the window and add 5cm for the plaster line to the measurement.

How should I measure my bay window?

- 1 Design and draw your bay window as viewed from the **INSIDE** of the room.
- 2 Measure your bay windows from **INSIDE** of the room, recording all measurements in centimetres.
- 3 **WIDTH AND DEPTH:** Refer to the Bay Window Designs and measure all widths and depths indicated with **X**.
- 4 **HEIGHT:** Measure from the underside of the window **CILL** to the **HEAD** of the window and add 5cm for the plaster line to the measurement.

3 Part Shaped Bay

IMPORTANT

Please measure each section of your bay windows from the **INSIDE**.
